DETAILED ACTION

Reasons for Allowance

Claims 1 and 14 are allowed. The following is an examiner's statement of reasons for allowance: XENPAK (10 Gigabit Ethernet) and XFP (10 Gigabit Small Form Factor Pluggable) are both known in the art as optical communication standards. In fiber optical applications, manufacturers have used small form factor optical modules (XFP) instead of XENPAK modules because of the smaller size and the cost savings with using multiple ports associated with XFP (U.S. Patent 6,866,544 to Casey et al., column 4). Prior art does not teach a conversion board coupled to an XFP board configured to communicate data between the XFP board and a client computing device. It is the examiner's opinion that the prior art of record, taken alone or in combination, fails to disclose or render obvious an XFP board coupled to a conversion board for operation in a XENPAK-sized casing, in combination with the rest of the limitations of the base claim.

Claims 2-8 and 15-20 are allowed by virtue of being dependent upon allowed base claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Election/Restrictions

Application/Control Number: 10/748,978 Page 3

Art Unit: 2883

This application is in condition for allowance except for the presence of claims 9-13 drawn to a non-elected invention. Accordingly, claims 9-13 have been cancelled.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure and considered during prosecution of the instant application. Websites: www.XenPak.org; www.XFPMSA.org.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charlie Peng whose telephone number is (571) 272-2177. The examiner can normally be reached on 9 am - 6 pm M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Frank Font can be reached on (571) 272-2415. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
